Erik Groset : FUNNY Status Updates for Facebook: Get More Likes before purchasing it in order to gauge whether or not it would be worth my time, and all praised FUNNY Status Updates for Facebook: Get More Likes:

1 of 1 people found the following review helpful. Funny and well organized look at Facebook status updates By Charles Findlay I wasn't sure what I'd be getting when I got this book, but I was pleasantly surprised at how humorous

and well thought out the information was. On the practical side the author put together a large amount of useful information on Facebook and social media in general. Anyone who's interested in using Facebook more efficiently for personal or business reasons can find a lot of great tips to start using immediately. This was really unexpected since I expected the book to be more of a simple collection of funny status updates, but it was much more than that. The status updates the author included were organized in a very easy to use manner. The author also included a large section about using Facebook with apps that many people will find helpful. On the more humorous side, many of the status updates were extremely funny and it made for a good look at what people consider amusing in the current social media environment. The book would be a useful read for anyone who just wants to know more about Facebook or who need to use it more effectively. Disclosure: I received a complimentary copy of this book in exchange for an honest review. 3 of 3 people found the following review helpful. Lots of Laughs By L, Worth* In keeping with 's TOS this book was gifted in exchange for an honest review. *I literally LOL the whole way through this book. I admit I am one of those people who spend more time staring at their face book page as if it is the entrance to some alternate universe than actually using it, but this book might just change my mind. Love FB or hate it, I think we all like reading the funny Status Updates and this book has got to be one of the best collections I've seen, along with interesting stats about the service itself and some good advice on how to get the most out of using it. This book was a lot of fun! 4 Stars 1 of 1 people found the following review helpful. East street to more likes on Facebook. By James Arington This book does pretty much what's advertised. It gets you significantly more likes than your boring old posts get. I've been a passionate follower of FunnyStatus for years and they always pull through with quality material. This book is no exception. Every person I've let handle this book will literally LOL. Which is a rare thing these days. The book itself is essentially a collection of witty one liners that have been adopted for Facebook mixed in with some other entertaining material. Most of the one liners are classic and therefore timeless. Others are categorized and can be used on a as-needed basis. Overall the book delivers and you'll certainly get your monies worth with this comedic handbook.

How to Make Your Friends LOL and Get More likes on Your Facebook Status Updates From the editor of one of the worlds largest Facebook fan pages, www.funnystatus.com, comes a hysterical gem of a book. Get on board with the hottest Facebook trends, spice up your status updates and be a part of an overall funnier Facebook world. Every status post is under scrutiny for entertainment value. Dont be boring! Learn how to create hilarious, witty, top status updates and get more LIKES! Find out about topics to avoid (everyday life=not interesting) and topics to hone in on (babies, pets, food). Learn about what NOT to do (post irrelevant song lyrics or ambiguous one worders).
