A wise mouse once said, "One of my clever ways of fighting back against the world is by boldly going to bed." If you've ever been so bold, you're in good company with Jane Seabrook's plucky menagerie. When the horizon is gray, a bright parrot reminds itself (and you) that "A better time is coming--its name is lunch." How can your frown not turn upside down when a tree frog wryly declares, "Please excuse my occasional smiles--I'm recovering from an attack of optimism"? So reach out your paw to a friend in need and say, "Don't worry, be furry!"
