Jane Seabrook : Furry Logic Laugh at Life before purchasing it in order to gauge whether or not it would be worth my time, and all praised Furry Logic Laugh at Life:

0 of 0 people found the following review helpful. Wonderful Stress reliever By Mg Gallegos13 I love these books by Jane Seabrook and they make excellent gifts for friends and for thank yous. This one, however, was just a little bit not as good as the rest of the series. The drawings are exquisite (my favorite, of course, is the merkat). They are just delightful books to pick up and browse through when you are feeling a little stress or down. 0 of 0 people found the following review helpful. Love the art and the words -- and laughing my ... By Dr. Hana Berger Moran Love the art and the words -- and laughing my way through it. As a matter of fact it is my favorite present to my friends -- a real pick-me-up. Looking forward to the latest from Jean S. 0 of 0 people found the following review helpful. Still smiling... By Customer I thoroughly enjoyed this book. I bought it and Furry Logic to give to a friend who needed cheering up. They did the trick and then some. She couldn't stop smiling as she read through. (I ended up buying some for me as well.) I certainly can recommend them to anyone. The illustrations are phenomenal and I personally didn't find that Laugh at Life repeated anything from the first book. I think it was designed to reinforce the first however. If you take these two books as they are meant to be taken, you can't go wrong in buying either of them (or both).

The long-awaited follow-up title to FURRY LOGIC A GUIDE TO LIFE'S LITTLE CHALLENGES offers another menagerie of cleverly rendered animals and the simple, yet deep ruminations that match these natural comedians. The artwork reflects a zoologist's understanding of animals matched with an illustrator's eye for colour and human nature,

and these appealing images are deftly matched with exactly the right quotations - and clever, funny ones at that - to convey the meaning. Topics range from the challenges of relationships to the enjoyment of life's many and diverse pleasures.

About the AuthorJane Seabrook is an independent illustrator and designer who lives in Auckland, New Zealand. In recent years, her artwork has centered on carefully observing and painting wildlife. Jane's previous books include *Furry Logic* and *Furry Logic Parenthood*, both of which reflect her considerable artistic abilities and rich sense of humor. The author shares her life with a number of animals, her husband, and two teenage children.
