Jim Davis : Garfield Cooks Up Trouble: His 63rd Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Garfield Cooks Up Trouble: His 63rd Book:

1 of 1 people found the following review helpful. (*sigh*) Continued Excellence (*sigh*)(*shrug*)By Reginald Williams Jim Davis continues to suffer(?) from the "Luther Vandross Syndrome": He is so consistently good from collection to collection to collection that it gets somewhat boring rather than mundane. The strips are funny. He draws beautifully. I like this book, but there are no surprises other than the usual cleverness which is not a surprise anymore for a strip that's had a SOLID 40 years (and counting run)...similar to the excellent year over year over year run of Schultz's PEANUTS. This was not a waste of my time, but I would love for Jim to keep evolving rather than being resigned to give super fans like me who own all 63 (and counting of his books including the originally "rectangle black/white" editions of the first 20-30 collections) collection books continued predictable excellence. Yes, as usual, I have already pre-ordered his next book, and yes, I look forward to reading it. 4 of 4 people found the following review helpful. Hilarious book just like all the others. Keep up the good work Jim Davis By Beth GREAT BOOK IM THE FIRST REVIEWER 2 of 2 people found the following review helpful. I don't know how Jim Davis keeps Garfield cartoons so fresh and funny, but he does By Frances P Woodard Awe Garfield. I don't know how Jim Davis keeps Garfield cartoons so fresh and funny, but he does. This is a must for any Garfield fan, as are the other Jim Davis books.

A recipe for laughter! The famous foodie is back with a banquet of all-new strips to satisfy your comic cravings. Whether he's toasting a whole loaf of bread because Jon's butter expires at midnight, fixing a taste-bud melting liverwurst, horseradish, and anchovy paste sandwich, or preparing Grandma's special soup (hold the coyote!), Garfield makes sure fun is always on the menu!

About the Author Jim Davis was born on July 28, 1945, in Marion, Indiana. He later attended Ball State University in Muncie, Indiana, where he distinguished himself by earning one of the lowest cumulative grade point averages in the history of the university. (Incidentally, a fellow classmate named David Letterman earned the other). The Garfield strip was born on June 19, 1978, syndicated in forty-one U.S. newspapers. Today it's syndicated in more than 2,100 newspapers worldwide with more than 200 million readers, leading Guinness World Records to name Garfield The Most Widely Syndicated Comic Strip in the World. Davis has had many successes with Garfield, including four Emmy Awards for Outstanding Animated Program and induction into the Licensing Hall of Fame (1998), but his most prized awards are from his peers in the National Cartoonist Society: Best Humor Strip (1981 and 1985), the Elzie Segar Award (1990), and the coveted Reuben Award (1990) for overall excellence in cartooning.
