All Garfield books are worth having and re-reading again and again for laughs. One of the genuine FUNNY characters that has been created without catering too much to the politically correct brigade.Keep up the great work Mr Davis and thanks for giving us something to laugh at.6 of 8 people found the following review helpful. Another funny Garfield bookBy A CustomerAs an owner of all 39 Garfield books, I feel Garfield Eats Crow is an average collection of Garfield strips. I say this because most of the strips deal mainly with the characters of Garfield and Jon, though Odie, Irma, and Jon's family appear occasionally in this particular book. The artwork is superb as usual, and the jokes are above average (and about 90 percent original). (and just a note: the strips in this book were actually published in newspapers between November 5, 2000 and June 2, 2001.) This is the third book in the Garfield collection that has been printed in color. I find the colorization of the 3-panel weekday strips to be just a tiny bit distracting, though it is nice to see the Sunday strips in here printed with color. If you already like Garfield, this collection will be a fun read. If you are not familiar with Garfield, this collection of strips (Garfield's 39th) is a good of place as any to start reading and falling in love with one of the coolest comical cartoon cats around.0

Mischief's on the menu and trouble's brewin' in this brand new concoction of comics. Share in the shenanigans, as GARFIELD, the furry prankster, engages in a little "tomcatfoolery" that's sure to elicit some catty laughter.

From the Inside FlapMischief's on the menu and trouble's brewin' in this brand new concoction of comics. Share in the shenanigans, as GARFIELD, the furry prankster, engages in a little "tomcatfoolery" that's sure to elicit some catty laughter.About the AuthorJim Davis was born on July 28, 1945, in Marion, Indiana. He later attended Ball State University in Muncie, Indiana, where he distinguished himself by earning one of the lowest cumulative grade point averages in the history of the university. (Incidentally, a fellow classmate named David Letterman earned the other). The Garfield strip was born on June 19, 1978, syndicated in forty-one U.S. newspapers. Today it's syndicated in more than 2,100 newspapers worldwide with more than 200 million readers, leading Guinness World Records to name Garfield The Most Widely Syndicated Comic Strip in the World. Davis has had many successes with Garfield, including four Emmy Awards for Outstanding Animated Program and induction into the Licensing Hall of Fame (1998), but his most prized awards are from his peers in the National Cartoonist Society: Best Humor Strip (1981 and 1985), the Elzie Segar Award (1990), and the coveted Reuben Award (1990) for overall excellence in cartooning.
