Millis My son loves Garfield and he went from a student in "reading recovery" at school (that means below grade level) to a student who reads 2-3 grades above his grade level because of his desire to read MORE Garfield than I was willing to read to him at night. Luckily, unlike many book series, this series goes on forever! And Jim Davis, bless his heart, has made it so affordable to collect his books in these fat cat 3-packs (3 books in one cover) and has made it even MORE affordable. Unlike some books made for kids (like Cap'n Underpants, for example) there are no misspelled words as the author tries to mimic what a kid's comic would look like, there is little if any violence like in some comic books, no scantily clad comic character women, no racy themes are statements.... It's just perfect for a kid in elementary school learning to read... and now and then, I'll read a few pages... and grandma loves to steal one, too... so it's just nice for all ages. So glad we stumbled on to these! It's a long-lived interest that has helped him so much! 1 of 1 people found the following review helpful. GARFIELD FAT CAT 3-PACK VOLUME 1 COLLECTIONS EDITION? By Angela Oh My Dear Fat Sarcastic, Non-Empathic Garfield, How You do Make My Son and Me Guffaw with Laughter! I have been purchasing these wonderful FAT CAT 3-PACKS for quite some time. My son is twelve and has been reading Garfield Fat Cat since he was a Tot, and continues reading as a "Tween." For those who don't know, the book comes as one thick book, thus the "3-pack" although to be perfectly honest, that could seem to be a bit misleading. My first purchase many years ago had me thinking I was getting three books. I was very happy when I saw just how thick (a good inch or more) the big soft bound comic strip book was; so, no complaints here. He had asked for Volume 1, but I couldn't understand why it was so expensive at some places and yet hard to find at others. Well, I found GARFIELD FAT CAT 3-PACK VOL 1 here, and decided to buy it used. It arrived in about two weeks in almost perfect/new condition. 2 of 2 people found the following review helpful. Love love love By Carolena Grace Garfield comic strips are the best! From sarcasm, wit, to dry humor, Garfield's adventures pretty much involve sleeping at some point. The Garfield comics have been released in full color which helps a vivid imagination! I own every single book and have turned this into a treasured collection for my children!

Whether he's down on the farm, lost in a world of his own, or camping out with the gang, Garfield always finds a way to keep life interesting. Now, that might be bad news for Jon and Odie, but it's great for the rest of his millions of fans, as Garfield takes the spotlight for his nineteenth star turn! Or, as Garfield might say, when the going gets tough, the tough take a nap.
