Great and wacky stories involving Garfield.0 of 0 people found the following review helpful. totally awesome conditionBy David LounsburyGot my book today, on time. This thing is from 1984 and in perfect condition and cost less than 4 dollars. I'm psyched! I heard about this book from Family Guy, it's supposed to be pretty twisted. Ever see Garfield minus Garfield.net? Check it out. It's totally dark. Garfield: His Nine Lives is completely different, Jim Davis did it in 1984, but who would've thought there was such a dark and artistic side to something like Garfield?1 of 1 people found the following review helpful. Four StarsBy Mr. SmithIt is interesting. Not exactly classic Garfield, but for big time fans its worth a read.

Garfield lives his life to the fullest . . . 9 times!Cave Cat -- the first cat crawled out of the sea 10 million years ago. He was happy to be out of the water -- until he met Big Bob!The Vikings -- he was big, he was mean, he was a Viking. Garfield the Orange had looted a lot of cities, but none like St. Paul, Minnesota.Babes and Bullets -- Sam Spayed wasn't the best private investigator in the world, but he did have one terrific thing going for him -- a secretary who made a great cup of coffee.The Exterminators -- no mouse was safe from the exterminators. Catching mice was their life. It wasn't a pretty job -- especially the way they did it.Lab Animal -- specimen 19-GB was not happy at the prospect of being dissected, so he did something about it. What happened set the federal government on its ear.The Garden -- life was a carefree romp among hovering harmonicas for Cloey and the orange kitten . . . until they confronted the crystal box.Primal Self -- he was an ordinary house cat leading an ordinary existence. A shadowy memory from another time changed all that.Garfield -- the marvelous cat we all know and love. This is his life in a nutshell.Space Cat -- he was lost in space with a computer built by the lowest bidder. And, he was not about to let his life slip away that easily.
