**Jim Davis : Garfield Holiday Celebrations** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Garfield Holiday Celebrations:

0 of 0 people found the following review helpful. Get your Garfield on!! By Bob Fartsworthy Must have for every die hard Garfield fan! Is perfect companion to Garfield Holiday Specials on DVD!!! 2 of 2 people found the following review helpful. A Real Winner! By E. Schilling I bought this book for our school library collection. Our kids love these books to death--I have several in sad shape to prove it! This came right in time for them to enjoy during Thanksgiving and Christmas. Boy, did they ever! The comic book format really appeals to them, and having the print version allowed them to see the storyline, even if it wasn't in video format. The Halloween adventure at the beginning of the book was a pleasant surprise when I found that the deleted scene from the DVD was included. It is the part where Garfield and Odie are getting ready to come in the house but find they have been followed by the ghosts since Garfield swiped a ring from their chest. The kids had never seen that part, and were delighted to see something new. Several of the kids had never known there was a Thanksgiving special (and yes, that includes me) so they were pouring over that section as well. They really got a charge out of Grandma with her power tool "utensil" (chain saw) used to carve the frozen turkey. And last, but not least, the Christmas portion of the book seemed to be the students' favorite. Something about Garfield and gifts under the tree seems to draw the kids in. If you have a reluctant reader, this is definitely a good book to purchase. The comic book format will keep them interested in what is coming. And if you love Garfield, this is a must have!

"Celebrate the Holidays with Garfield! Thanksgiving turkey. Christmas ham. Tricks and a bag full of treats. Holidays were made for Garfield. After all, what more could America's favorite flabby tabby ask for than a string of nationally sanctioned days of overeating? So whether he's tying up Odie with Christmas lights or raiding the fridge for a piece of pumpkin pie, Garfield's never happier-or feistier- than when he's filled with Holiday spirit...and bags of Halloween

candy!"
