Classic Fun With GarfieldBy Jessie LoflinI've always enjoyed reading the comic strips in the newspaper, and one of my favorites has always been Garfield. This was the first Garfield collection I ever had as a child, and when I recently purchased this ebook edition, the memories came flooding back as if they never left. Each strip is just as funny now as when I first read it in the mid-80s. I love the fact that each strip is now in color, although I suppose that could be a negative in the eyes of some purists. It doesn't bother me, however.As to the content, some storylines may seem a tad familiar if you have seen the animated special where Garfield gets locked up in the City Pound, but again, these are fun to revisit in what I assume is their original form. If I had a single favorite strip, it would probably be from the first page, visible in the digital preview, "Bathtime with Pooky". To be honest, though, the entire collection is great and has made me want to collect the entire series of ebook editions from the beginning. I can and do easily recommend this Garfield collection to others.0 of 0 people found the following review helpful. GarfieldBy A.
