Very creative and simple-to-follow illustrations.3 of 3 people found the following review helpful. Gentilarious! Gentitamazing! Gentitawesome!By MegaliciousThis book is hilarious! You need this book. Guaranteed to lift you up when you are feeling down or stressed. I wish I could give it more stars! There are probably about 50 pictures to color. They are all different. Wide variety of animals, flowers, abstract, land marks, people,

insects and land scapes. I love them all. The book is about as thick as my average size lady index finger. Pages are white and decent quality. Well worth the price and arrived at the time promised. 2 of 3 people found the following review helpful. Ha Ha! Another humorous creation by this artist. ...By CustomerHa Ha! Another humorous creation by this artist. I needed something to spark my creative mind especially before I start a design project. This definitely brighten up my day!

“GENITAL WORLD” adult coloring book is what happens when vaginas and penises are scrutinized through the witty and mathematical prisms of artists Leslie Tran and Zerah Suh-Klimek. Zerah’s fractal designs and patterns challenge our notions of sex organs as mundanely organic in form by capturing the intimate and imagination-provoking patterns intrinsic in the shapes of our cocks and pussies. Leslie, an artist responsible for a number of satirical adult coloring books, incorporates penises and vaginas into lush and clever designs as a way to explore the humor and humanity of our fleshy junk, proving cunts and dicks are not only lust worthy, but funny too. A mature and artful coloring book, “Genital World” invites the reader to swim with the penis sunfish in the watery waves of splashing vaginas! Come join the well-hung Kendo warriors in a dick battle sure to end in ecstasy! Color and laugh your way to genital-nirvana with fifty racy scenes sure to make you think, feel, and tickle your fucking pickle!
