Just plain fun to read By Ty Stroudsburg What is a borderline recluse/retired professor/grandmother doing on an exotic cruise with a bunch of POKER fanatics?. The answer is a story of personal insight seasoned generously with humor. High quality paper and a good readable typeface make this romp enjoyable as well as TRULY FUN to read. 1 of 1 people found the following review helpful. Terrific Book By C. Rogers It is a wonderful read: funny, warm, delectable, smart, uplifting, motivating, human, and it doesn't matter at all if you are into poker or not... what so ever.

Lona Rubenstein had a life, an identity, but like most who are lucky enough to reach the high numbers was losing it -- pigeon holed as she got older into that vague class of blurs among blurs, those who no longer really counted. Walking through an unfamiliar door into cyberspace and the world of online poker, she fought back. She writes of one woman's journey from the internet to the high seas, from a dismal den in the dark to resurrection and re-discovery, from becoming a rapidly fading couch potato to getting back in the game . . . of life
