Julie Jackson : Glamourpuss: The Enchanting World of Kitty Wigs before purchasing it in order to gage whether or not it would be worth my time, and all praised Glamourpuss: The Enchanting World of Kitty Wigs:

4 of 4 people found the following review helpful. I was so excited and delighted the day it arrivedBy Cat Mom ExtraordinaireThis book changed my life. When it was released in 2009, I ordered a copy immediately. I was so excited and delighted the day it arrived, that I *HAD* to take it along with me on my dinner date to show my boyfriend of six months. Sadly, he was not amused. Even though he was well aware of and claimed to fully accept my crazy cat lady-ness (he put up with me talking about cats all the time, and knew that my cat and I came as a "bundled pair"), he angrily growled, "After a long day of work, I do NOT want to look at cats in wigs at dinner!!" My heart deflated. I knew then and there that he was not boyfriend to keep -- we obviously had conflicting senses of humor.I keep this book prominently located on my bookshelf, or on my coffee table . . . and it brings much amusement to my family and friends that visit. This book has also motivated me to make my own foray into photographing my cat in cat-sized wigs. I have had modest success. It's definitely a two-person process -- one person to nonchalantly and gently plop the wig on my cat's head, and a friend to quickly snap photos before my cat becomes annoyed and shakes it off. It's now become an annual tradition at my cat's birthday party to try to get a photo of her with a wig.In short . . . this is a wonderful book. Helpful in weeding out those in your life with no sense of humor with respect to cats and an inspiration for my own photography endeavors. I praise Julie Jackson in her unusual creative undertaking; and praise Chronicle Books for seeing that a market exists for quirky cat humor books.2 of 2 people found the following review helpful. Kitty Goes Glam, All In FunBy IloveWhat a fun, delightful book! The photos are amazing and I love the stories (very tongue-in-cheek) that go with the photos-- all in a spirit of playfulness. I want to get my cats some kitty wigs, but I doubt they'd pose like these cats. If you're a cat-lover (or know one) or just an animal lover in general, check out this book! Great wigs, by the way.2 of 2 people found the following review helpful. cats meowBy Jill G.gave this as a gift and it went over really well! such a cute mix of kitties.Honestly the photos could be seen a million times and still be cute.I was surprised how many photos there were

According to cuteoverload.com, we have officially reached "totally new levels of redonkulesness." The Kitty Wig crazesprung from the feverish imagination of Julie Jackson and her purring partner in crimehas swept the globe. Glamourpuss presents 60 stylish portraits showcasing furry models in the most fetching custom-made cat wigs ever created. The chic felines in this delightfully odd book answer the age-old question: what on earth do cats do all day? Make no bones about itthese utterly fashionable minxes are the hottest pet trend since cats in hats!
