William Peskett : Go-Go Girls before purchasing it in order to gage whether or not it would be worth my time, and all praised Go-Go Girls:

1 of 1 people found the following review helpful. There once was a Guy named Willy...By Miki101.Micha ... who was as white as a Lilly.Go-Go-Girls got a fright,when he came in their sight,so they named him Lilly WillyIf this makes some sense,just give him no chance -and he will go out like Willy-Nilly ...This may sound really bit harsh because I don't like limericks who make the bar-girls look so so so very much.And so the Go-Go-Girls had to be defended...

:)But now that I read the ebook twice, I have to admit that I got a some of it very wrong...Maybe because I am female - but what make me change my opinion was that one:Then there was the lady, Anon,Whom my eyes at last lighted upon.Her joyfulness carriedMe till we were married.Now our happiness goes on and on.So, Mr Peskett - I have to thank You so much.Because unfortunately the first sight may also be often the wrong sight...Now I am reading Mist on the Jungle and it is very interesting!

Limericks are those rhymes that go There was a young man from de-dum, Who dum-ditty-dum-ditty-dum. A form of poetry more commonly used to describe old men with owls nesting in their beards, or perhaps ladies from Ealing who can do remarkable things on the ceiling, than the everyday lives of Pattaya bar girls. Maybe it was a combination just waiting to happen. Wait no longer. Go-Go Girls is a charming collection of Limericks devoted to the unsung heroines of Pattaya night-life, the young women who gyrate around the chrome poles and entertain customers at their little tables and, possibly, later in their hotel rooms. Go-go girls are the consummate night-time professionals; their skills are to tempt you into buying them a drink, cause you to fall ever-so-slightly in love with them and then lighten your wallet as painlessly as possible. Often the relationship between a go-go girl and her customer will last for years. Long after the smitten dope has returned to his own country he may find himself topping up her bank account, on the promise that she has left her job in the bar and is chastely awaiting his return. It could even be true. Amazingly, some of these clever little verses get close to providing the answer.

About the AuthorWilliam Peskett has been a biology schoolteacher and a journalist, he has worked in marketing, design management and corporate relations. Through it all, he has maintained a love of writing. It began with poetry and Peskett published two volumes of poems, The Nightowls Dissection and Survivors the first of which won an Eric Gregory Award. Brought up in Belfast, Peskett was educated there and at Cambridge University, where he read natural sciences. His professional life was spent in Suffolk and in London. Now retired, Peskett now lives in Pattaya, Thailand where he spends his time tending his jungle garden and, naturally, writing. Pesketts adopted country of residence continues to provide ample material for his observation: recent novels and collections of essays and short stories deal with issues in a distinctly Thai setting.
