I love this book!! Sam and Keith have really outdone themselves with this second addition to their ninja series. They walk you through a delightful reimagining of the past in which Ninja's play a vital role in the most formative events of American History, and then go on to describe

how you can become a modern ninja. It's replete with clever ninja acronyms, ridiculous ninja anecdotes, and ROTFL inducing ninja idioms like my personal favorite, "There is no use crying over spilt blood." And that's before we even talk about the amazing illustrations. Every page has me laughing out loud. This book is perfect for subway rides and backs of toilets everywhere!!0 of 0 people found the following review helpful. I was living with a NINJA! and now so is my roommate...By Evan PantsThis is the most thorough DIY Ninja guide I have ever seen. After realizing that I used to live with a ninja, I needed a way to protect myself. He was sneaky, disguising himself as 'the man', nobody ever suspected him of being a mediocre ninja assassin. Instead of fearing the ninja, I decided to become the ninja. Just imagine a primate roommate ninja...-hysterical and highly recommended!0 of 0 people found the following review helpful. The True Art of the NINJA has finally been captured... the fun partBy 8 tons of NINJAIts a great book to have around for quick laughs, as it has never failed. Every time I pick it up with in a few minutes Im cracking up. Finally I am learning real true spirit of the great NINJA, and maybe after training and reading this book 84 times I will hopefully reach my potential in NINJITSU ART. My Fear of NINJAS has grown, but is getting better as I improve my skills.

BEING NINJA.DO YOU HAVE WHAT IT TAKES?Not by yourself, that's for sure. But the brutal, six-week program in Going Ninja will make it happen. Transforming you from a slow-reflexed nobody into a ripped, shuriken-hurling assassin.What is the best way to sever a head with a chopstick?How much personal blood loss is too much? This book shows the way to turn your boring life into a never-ending, sake-filled victory celebration:*Learn to dismember anyone*Wield a ninja sword with confidence*Bone up on the rich history of American ninjas*Tone your arms, neck, jaw and glutes*Get laid every night, in Japanese*Pump up the awesome
