I read the book that afternoon and enjoyed it very much. If you are a golfer, this book is for you.0 of 0 people found the following review helpful. This is the FUNNIEST golf book I have ever read!!!By A Customer'Golf is a Funny Disease' is one of the funniest book's I've ever read. What makes me identify with Nobby is that I can see myself doing some of the crazy stuff he's done. Imagine, playing golf in London, New York and Los Angeles on the same day. Besides the jokes, some of the things that have actually happened to him on the golf course are absolutely hilarious!0 of 0 people found
