Wonderful book for golf fansBy A CustomerI actually follow golf only recently, but I become passionate about the sports which are filled with great personalities. The book does a pretty good job in bringing those personalities more into lives by portraying the human side of them, much like my

favorite sports channel, ESPN, which makes sports that much more entertaining. It's not about what you say as much as how you say it. 3 of 4 people found the following review helpful. time well spent

Any book that makes you laugh out loud...works. This was a fun book to read, being a club thrower myself. Gets right to the point with no fodder.

This collection of 185 true, funny anecdotes about famous golfers, including Chi Chi Rodriguez, Lee Trevino, Tiger Woods, Arnold Palmer, and Jack Nicklaus, is sure to get any golfer chuckling. When you buy this book for yourself or a golfing friend or relative, you'll guarantee great stories on the putting green and at the 19th hole!
