Herman Parish : Good Driving, Amelia Bedelia (Turtleback School Library Binding Edition) (I Can Read Books: Level 2) before purchasing it in order to gage whether or not it would be worth my time, and all praised Good Driving, Amelia Bedelia (Turtleback School Library Binding Edition) (I Can Read Books: Level 2):

0 of 0 people found the following review helpful. Wonderdul abd humorous purchase!By SJensenThis arrived a day

early and in amazing condition! I loved the Amelia Bedelia books as a child and look forward to reading them with my own children. It is funny to read through her adventures of taking things literally. Its a great read for children and can even be fun for teaching about following directions.1 of 1 people found the following review helpful. We love Amelia BedeliaBy Lisa P.We love Amelia Bedelia! This Christmas one was no exception. I do feel like some of the silly things she does and misinterprets are a bit of a stretch in this book more than most, however we still enjoy reading it together.I always wait until I have used an item for at least five days before reviewing it. I also try to come back and update my reviews as needed if something changes with the product and how I liked it. I hope that you find my review helpful when trying to make a decision whether or not to purchase an item.0 of 0 people found the following review helpful. Who doesn't LOVE Amelia BedeliaBy K. M. KramerShe is one of my all time favorite characters. I especially LOVE her for students who might need some encouragement about anything that makes them different. We all fall in love with Amelia Bedelia and that love and respect transfers to anyone who might do or say things a little differently than others. Not to mention how it is just plain old fun to pick up one of her books and LAUGH!

FOR USE IN SCHOOLS AND LIBRARIES ONLY. When Mr. Rogers goes for a drive with Amelia Bedelia, he's in for the ride of his life.

From School Library JournalKindergarten-Grade 3?Peggy Parish's nephew is the creator of this new adventure that will surely delight Amelia Bedelia's many fans. This time the housekeeper is practicing her driving, and whether she is looking for forks in the road or mixing up directions, she is as cheerfully literal-minded as ever. Full-color cartoons illustrate the easy-to-read text. A pleasant outing with a treasured old friend.?Pamela K. Bomboy, Chesterfield County Public Schools, VACopyright 1995 Reed Business Information, Inc.From BooklistGr. 1^-2. The nephew of Peggy Parish, who created Amelia Bedelia, continues the series about the lovable literalist. When Mr. Rogers takes Amelia Bedelia out to practice her driving, he soon finds that his directions lead to confusion: when he warns of "a fork in the road," she starts looking for cutlery rather than a cutoff. All ends well, though, with a birthday party for the daffy domestic. If the dialogue occasionally sounds like an old vaudeville routine, that's not likely to trouble anyone too young to have heard of vaudeville. Sweat, the series' familiar illustrator, once again offers line-and-watercolor wash illustrations that reflect the book's simplicity and good humor. An unexpected pleasure for insatiable fans of the series. Carolyn PhelanAbout the AuthorHerman Parish was in the fourth grade when his aunt, Peggy Parish, wrote the first book about Amelia Bedelia. The author lives in Princeton, New Jersey.Lynn Sweat has illustrated many Amelia Bedelia books, including Go West, Amelia Bedelia! He and his wife live in Connecticut.
