I got these as a gift for my husband, and while he doesn't use them as much as the more risque ones I gave him, these are good for a laugh, and really do make a thoughtful gift. They are brightly colored, and well made. I recommend them to friends and family.3 of 3 people found the following review helpful. Funny little gift!By Jessica L HouzeThis is an adorable little extra gift to give to your loved one. It's perfect for those couples who have been together for a while. We have yet to use a single one, but they are great for a good laugh! I would have gotten these as a a stocking stuffer if I would have thought of it for the holidays!0 of 0 people found the following review helpful. Three StarsBy HeidiNot as cute as I thought it would be. Very cheesy.
