Bruce Robinson : Good Medicine before purchasing it in order to gage whether or not it would be worth my time, and all praised Good Medicine:

1 of 1 people found the following review helpful. Yawn... (But I'm sure they're good people)By A CustomerIf you find Family Circus to be one of the best comics in your paper, chances are you'll really enjoy Good Medicine.Frankly, I was having a hard time detecting any similarity between this stuff Far Side (which I thoroughly enjoy). I read through the book just in case I missed a good one. When I got to the end, I realized I missed nothing.I would like to be able to give this book a stronger endorsement, because I'm sure their intentions are good, but I found this book to be seriously lacking in hilarity.0 of 0 people found the following review helpful. ABSOLUTELY HYSTERICAL!!!!!!!By A CustomerWhat an ABSOLUTELY HYSTERICAL book!!!! I just LOVED it!!! I especially loved the "Noah and the missing worm" and "the other disciples were jealous of Peter" cartoons! I was laughing so hard I had to get some tissues to dry my eyes! I hear that Bruce Robinson, the book's author is going to release GOOD MEDICINE # 2 soon. I EAGERLY await its release. But first I have to stock up on some more tissues! This book is SO F-U-N-N-Y!!! It should be a part of EVERYONE'S library!!!0 of 0 people found the following review helpful. TOTALLY HYSTERICAL!!! Better than watching AMERICAN IDOL!!!By StephanieWOW!!! These cartons are SO HYSTERICAL!!! I don't know what the one reviewer was talking about who didn't find these cartoons funny! Maybe they had a "bad hair day" ??? Keep up the FUNNY GREAT work Mr. Robinson!!! I EAGERLY await and anticipate your next book!!!

A collection of 119 hilarious religion-themed, "Far Side(r)-type"cartoons by one of America's top gag cartoonists. Witty and cutting-edge humor endorsed by the likes of Johnny Hart (creator of the B.C. and the Wizard of Id comic strips), Bil Keane (creator, The Family Circus), John McPherson (creator,Close to Home), Michael Ross (editor, Breakaway magazine[a Focus on the Family Publication]) and a host of others.

"Finally! Proof that God has a sense of humor. He made Bruce Robinson." -- Johnny Hart, creator, B.C. and the

Wizard of Id "Funny stuff! Bruce's quirky style is sure to make you laugh" -- Michael Ross, editor, Breakaway magazine [a Focus on the Family publication] "Funnier cartoons hath no man made" - Stayskal 1:1 -- Wayne Stayskal, editorial cartoonist/Tampa(FL)Tribune; creator of the Ralph comic strip/King Features "Here is a book that exposes the realities of church life in a way that is both humorous and to the point. Anyone who is a pastor, church leader or even a pew warmer will enjoy this book." -- Kelly Gallagher, director, Beacon Hill Press/Kansas City "WARNING: This book should not be read in libraries, churches, monasteries, funeral homes or in any other setting in which uncontrollable laughter and snorting may not be appreciated." -- John McPherson, creator of the Close to Home comic feature "You won't need a spoonful of sugar to help this GOOD MEDICINE go down. It's a palatable prescription guaranteed to cure the blues." -- Bil Keane, creator, The Family Circus From the Publisher Bruce Robinson is one of America's best-loved magazine cartoonists. And his new book, GOOD MEDICINE, is living proof why. It just simply doesn't get much funnier than this. Fans, who have admired his work for years, will truly treasure this collection of cartoon classics! It's just what the doctor ordered, GOOD MEDICINE! From the Author This is my first collection of cartoons in book form, and the response has been over-whelming! I've come to learn that many people across the nation (and the world for that matter, thanks to the internet) have my cartoons posted on their refrigerators -and there seemed to be a demand for more... hence, GOOD MEDICINE. The limited-edition first printing is selling very well nationwide and some new international markets are opening up also. It's bound to become a "collectors item".
