The over all plot and story line is very simple. The animations are adorable and they have another one called Good Night Brew (as in beer). Cute book for the coffee lover and parent that wants to share their passions for a good brew of coffee and the love of a story.0 of 0 people found the following review helpful. Mom and Dad and baby all love this bookBy kimbeesueMom and Dad and baby all love this book. Beautifully written parody and illustrations that are complex and tell layers of stories. Read this one aloud!By Ann ZipserAs someone who has extensive experience with both coffee and Goodnight Moon...this was a pleasure to read aloud!

It's opening time at the coffee house. While the sun rises, the lion and kangaroo baristas welcome a menagerie of colorful customers. Join them in saying good morning to the beans, machines, and—yes, please!—caffeine! Smile along as they greet the espressos, lattes, mochas, frappes, drips, sips, and much more. Yay coffee!Whether you prefer brewed or pressed, black or cream, mochas or macchiatos, single origin or groovy blends, if you've gotta have your daily grind, this playful picture book for grown-ups and coffee-culture families is for you. Good Morning Brew is brought to you by the same author and illustrator team behind the bestselling Goodnight Brew: A Parody for Beer People.Need a refresher on how coffee travels from field to cup? Perplexed by espresso options? Don't miss the bonus coffee infographics at the end of the book!
