HilariousBy Kimberly VanderbloomI won a copy of this book off of a bouncy box giveaway.I was excited to read it because the original is favorite with my little one. When I'm working late I've been known to call recite to her over the phone because yes I have it memorized. I won this copy and cracked it open and couldn't stop laughing. It is cute and funny and the perfect addition to any tired mom that knows Goodnight Moon by heart. The illustrations were wonderful and fit the parody nicely.1 of 1 people found the following review helpful. For moms everywhere!By Debra SmithI won this book on an giveaway. It is a really cute five minute read. If you are like a million other moms who have read this books to your kids you will get a good laugh from this. But they forgot the mouse. Lol1 of 1 people found the following review helpful. Very cute!By K and JVery cute, funny and true. What else can I say? And, as a busy mother of small children, about all I have time to read.

A fun and honest parody of the kids classic book 'Goodnight Moon' but this time it's just for Moms!
