I love this bookBy Lisa MycholsThis was my fave book as a kid and I think I gave it away years ago- yet I still remember most of these jokes and I make my kids laugh with them. I love this book! (That's why I'm here- I'm buying it again! Lol)2 of 5 people found the following review helpful. Joke bookBy ...Loggie...This is a book of 22 different riddles or jokes. Many of them aren't very good, like the joke that goes: "When do elephants have sixteen feet? When there are four elephants." The pictures however are really cute, and portray many of our favorite and well-known Disney characters. Besides Goofy, there is Jiminy Cricket, Prince John, Dumbo, Pinocchio, Mickey and more of our friends are in here. The book is arranged so that almost each page has a riddle, and the answer to the previous riddle with a picture to match. This book doesn't have a story line, and after reading it several times it could get really old as once you know the answer to the riddles you wouldn't even have that incentive to continue reading.Loggie-log-log-log
