I've tried a few coloring books, but some are so detailed they stop being relaxing, which is my goal, and some are so unattractive, I don't want to finish them! Emerian Rich's drawing are so beautiful that I'm anxious to finish each one and yet they leave so much freedom! I don't feel like "oh gosh, what color is this supposed to be?" I feel free to use my imagination! And I've loved every drawing. The quality of paper is great, too. Well worth the cost!0 of 0 people found the following review helpful. Meh!By CustomerArt was okay. But more like college student draft work and nothing really eye catching.1 of 1 people found the following review helpful.
