Different than your typical Halloween coloring book!By Roseanne M.I had purchased this author's digital art on Etsy, so I figured there was a good chance I would like this book. There is a good variety in this book. Simple to complex, and cute to scary--a little something for everyone. Some of the pages are easy enough for a child, and some more intricate or scary, and suited to an older child or adult. Only a few are really creepy. (I uploaded photos to try to show the diversity).The pages are:-Single sided (no printing on the back) which is good since some markers bleed through.-Bright white, smooth paper-31 designs-Most designs are large scale enough to be suitable for crayons, colored pencils, even pastels-Only a handful of the designs are intricate enough to require fine tip markers9 of 9 people found the following review helpful. Black cat 72I love this, I wish they would come out with more gothic or scary coloring books....3 of 3 people found the following review helpful. LOVEEEBy Green Cow LandI LOVE this coloring book! The Illustrator has a beautiful artwork style. Heck you don't even have to color them, you can hang them on your wall as black and white pictures.This is the best halloween/gothic coloring book I've seen.The art is fantastic, and creepy It captures all of my favorite things about the gothic life style.There is a good range of art, But at the same time The images are similar in style.\*Single sided\* 60lb paper

Trick or Treat! This gothic Halloween coloring book is the perfect way to get into the spirit of the Halloween season. This isn't your Charlie Brown fall book...Gothic Halloween is for our friends of the night who enjoy the darker, scarier, and spookier variety.
