**Jeff Eberbaugh : Gourmet Style Road Kill Cooking and Other Fine Recipes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gourmet Style Road Kill Cooking and Other Fine Recipes:

Funny book but I was so annoyed with a sticker pasted on the front cover over the guys face I would have knock off stars for seller if it wasn't a penny. Oh and I would have given five stars "IF" the sticker could be removed without damaging the cover. Although they poke some fun about hillbillies, poor white trash, et cetera, this book actually has some great recipes too. So highly recommend it because we can all use a laugh and a few good recipes, but return it immediately if the same idiot is putting bar codes on the front cover.0 of 0 people found the following review helpful. and it was their favorite soup. I lost the bookBy gammyGThere is one recipe in this book that makes the entire book worth the money and worthy of 5 stars... that is the CREAM OF CAULIFLOWER SOUP recipe... I had this book years ago when my children were small, and it was their favorite soup. I lost the book, and the recipe. NO recipe online matched that soup... the kids were so upset that I didn't write it down or remember it (cuz it was really simple). Now they're almost 30 years old, and I bought the book so I could make the soup for them again... Being southern, I smiled a little at the "fake" recipes for roadkill, and found the "poetry" to be overkill, but again... The soup recipe was the bomb.0 of 0 people found the following review helpful. Great ItemBy William F. Jannke IIII wanted to get this book to give to a very special lady in my life for Christmas and it didn't disappoint! It arrived safe and in quick order--I'd buy from this seller again!

The first section of this book contains humorous road kill recipes, written in poetic form. These recipes are of novelty status and are not intended for human consumption. The second section of the book contains real, but somewhat unusual, recipes collected from old timers in the rural counties of West Virginia.
