For Andy Borowitz and/or Arnold fans this is a pretty good little ten minute book .9 of 10 people found the following review helpful. Arnold Governs, But Borowitz Rules!By A CustomerArnold Schwarzenegger won the recall election, but GOVERNOR ARNOLD wins my vote for funniest book of 2004 (I know it's only January, but it's going to take a real upset to come up with a funnier book than this). Andy Borowitz leads us through a hilarious photo history of Governor Arnold's first 100 days in Sacramento, using screamingly funny photos from his movies and equally side-splitting captions. This book is a MUST-BUY for anyone who needs a good laugh, and everyone who lives in California...11 of 13 people found the following review helpful. Terminates the TerminatorBy A CustomerI am still gasping for air after laughing my way through this unbelievably funny book. It's such a brilliant and simple idea - dig up hilarious photos of Arnold Schwarzenegger and use them to illutstrate the "real" story of his first 100 days in office. The captions are even funnier than the pictures, and the whole package is a work of (somewhat sick) genius! Looking forward to the photodiary of his second hundred days.

THE TERMINATOR'S TERM, TOTALLY RECALLED! The real story of Governor Arnold Schwarzenegger's first one hundred days in office comes to life in vivid two-color photographs and completely fictitious captions. Governor Arnold tells the story of Schwarzenegger's historic first days in office, in pictures that are evocative, dramatic, and sometimes truly frightening -- especially the ones in which he is wearing no shirt. New Yorker humorist Andy Borowitz, creator of the award-winning website BorowitzReport.com, travels to Sacramento for an up-close, exclusive look at a man with a mission: to reshape California in his own monstrous, bulging-veined image. It's a book for history buffs...about the buffest man in history! Governor Arnold is guaranteed to make the Governor stop groping

women...and start groping for superlatives!
