If you know anyone with a great sense of humor they will love this!1 of 1 people found the following review helpful. Hilarious bookBy macThis book makes a great gift. The pictures and captions are hilarious. There is really a postcard for every situation. I would definitely recommend this book.0 of 0 people found the following review helpful. Hilarious and adorable!By LillyThis book is so funny and so cute! I have it out on my coffee table and everyone who comes over absolutely loves it! People really enjoy flipping through it and sharing their favorites. I might actually mail a few of these out (they are postcard style) after a few months because they're just too funny not to share with friends.

Avoid the messy confrontations that accompany delivering bad news personally and let one of these cute baby animal postcards deliver the devastating message for you.Are you afraid to tell your girlfriend that her ass looks fat? Do you need to explain to your nephew that dreams don't come true? Why not let a cute, fuzzy bunny do it for you! We understand how hard it is to tell someone that you're sleeping with his wife, so let a photograph of a duckling sleeping on a teddy bear soften the blow. These perforated postcards answer all of your cowardly prayers—you'll finally be able to tell the truth without ever conquering your fear of confrontation. Let these adorable baby animals supply a silver lining to any bad situation and avoid, a long, tearful afternoon explaining why daddy's never coming home.

“Wicked funny... And, we do mean wicked....Anyone, though, whose humor isn't inhibited by decency will laugh so hard that flipping through might constitute an ab workout....The stocking stuffer this holiday season.” (Daily News)About the Author Amanda McCall has appeared on the Late Show with David Letterman, E!
