Jeff Marion : Great Jokes for Every Golfer before purchasing it in order to gage whether or not it would be worth my time, and all praised Great Jokes for Every Golfer:

Nationally recognized cartoonist Gary Patterson, the "creator of smiles," has created a lighthearted collection of his favorite golf funnies. Taking his best swing, Gary proves he definitely knows what drives the game--the highs, the lows, the thrills, even the annoyances--and gives golfers a humorous look at situations they are sure to recognize and resonate with.Original and hilarious one-liners accompany each comical illustration, and together they will have all who enjoy the sport--the professional, the amateur, the fan, and the friend--grinning at their game.
