Jane ZebendonIf you know someone who is turning the age corner (50? 60? 70? 80? even 90 or 100??) this is a great little book that will make them laugh.

We are all travelers on the highway of life, but some of us are a bit further along on the trip. Benchmark birthdays have whizzed by like so many mile-markers: 21 - 30- 40. These folks are puzzled to find themselves now driving pre-owned vehicles with expired warranties once possessed and often mistreated by their adolescence and young adulthood. This touching, hilarious book is intended as a guide and road map for those readers of a certain age who will laugh out loud as they recognize themselves and their friends who are sharing this crazy journey of life.

About the AuthorOur location in the Wisconsin northwoods helps keep Willow Creek Press off the publishing world's radar. Around here, we're more accustomed to landing walleyes and muskies than big books and authors - events hardly worthy of note in Publisher's Weekly. But, a few years ago we did get noticed with the release of Just Labs, a unique and colorful tribute to Labrador retrievers. The book quickly became a bestseller (now with 500,000 copies in

print) and frankly startled us with its success. We were not surprised for long, however, and now an entire line of popular Willow Creek Press titles evokes the myriad joys of dog and cat ownership. Today we are known for high-quality, light-hearted books and the best Just breed calendars in the country.
