Marc Hempel : Gregory the Third before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gregory the Third:

0 of 0 people found the following review helpful. Five Stars By willis tawney One of my all time favorite comics! 0 of 0 people found the following review helpful. I, Gregory! By S. Michael Wilson Piranha Press was putting out some very unusual comic books during the 80s and 90s, and none of them was more unusual than Gregory. Minimalism at its finest, Gregory is about a little kid - with a big head - in a small padded cell. All we know is what Gregory knows, and that isn't much. Gregory isn't talkative, and seems blissfully unaware of... well, anything. Gregory's existence is a solitary one, with the exception of the occasional visit by orderlies, psychiatrists, or the talking rat named Herman Vermin. Gregory hovers in the bizarre boundaries between dark humor and existential quandary, and it manages to be funny, compelling, disturbing, sad, and just a little bit (okay, more than that) silly. You get the feeling while reading Gregory that writer/artist Marc Hempel just doodled the character on a cocktail napkin one night and thought to himself, "Hey, that's not bad." No, it definitely isn't. Just ask Gregory.

Gregory humor is different.
