It is a darker themed one, still some super hero girls and sexy killers along with a few different creatures and then just a few SUPER weak pattern pages. Same quality as the first :)3 of 3 people found the following review helpful. Four StarsBy ChrisMost of the drawings are a bit simpler than the first coloring book.0 of 0 people found the following review helpful. Loved the first bookBy Carol WendletonLoved the first book. This one, not so much. The drawings are okay, but not as nice as the first book. They got a lot easier in design.
