Zenescope : Grimm Fairy Tales Adult Coloring Book before purchasing it in order to gauge whether or not it would be worth my time, and all praised Grimm Fairy Tales Adult Coloring Book:

153 of 155 people found the following review helpful. The paper is sturdy enough but if you use marker I'd probably pull ...By M Holmes I pre-ordered based off of the cover and this is my early review. The images are single images to a page with a blank back. The paper is sturdy enough but if you use marker I'd probably pull the page. The pages are not perforated and the images often go all the way to the edge of the paper at the binding. This is going to frustrate anyone that wants to do a full page and they may have to break the book down. The cover is thick and glossy. A few of the images/poses are used more than once. The cover image for instance is there as is. It is used later in the book with a different outfit and instead of fantasy is more superhero/gun themed. And another time as a lumberjack theme. The drawings are very super hero/sexy outfit. Not all, but a lot of them. There is a lot of cleavage to shade in if that is your thing. There are also several pages that are just designs. The lines of the individual drawings are done in sketched lines

that should allow the incorporation of detail and shading. All in all, I like the book. The way the images are on the pages will be a bit frustrating to some. However, for 45 pages of images, I'll say that it has a lot of unique images to draw in many different styles from sword/sorcery to steam punk and fairy tails and modern super heroes. 156 of 162 people found the following review helpful. Sexy, fun and detailed! By Alyssa Long I love this coloring book because it's sexy, detailed, and pages are only printed on one side so using marker doesn't ruin the next image. The level of detail makes it challenging but not overwhelming, and there is a lot of variety because there are designs by at least a few different artists (I assume, anyway, based on the different styles). If you're looking for a sexy yet challenging adult coloring book that isn't overly graphic or simple, this is the one for you. 57 of 57 people found the following review helpful. Excellent book based on a comic book series. By Customer I've had this book for almost 2 months. I was a little intimidated at first with coloring people on such a large scale but I'm totally loving this book now that I've done some. It's single side printed and the paper is thick. I've used only colored pencils and blending with baby oil but I'm sure the paper could handle markers if I had a large set.

Join in the adventure and escape by coloring the lines of the world's most recognizable characters. From Red Riding Hood to Cinderella, Little Mermaid to Robyn Hood, and OZ to Wonderland. Let your brain focus on creating great pieces of artwork while relieving the stress of everyday life. Hone your coloring skills by collaborating with some of the best artists in the comic book industry such as Jamie Tyndall, J. Scott Campbell, Dawn McTigue, and many more. Grimm Fairy Tales' adult coloring book provides hours of great art to be filled with your imagination! Relive your childhood passion of coloring and fairy tales all in one unique book!
