John Kyle : Grow the F*ck Up - White Elephant Yankee Swap gift, gag gift for men, birthday gift for him, novelty book, Secret Santa exchange, teenage young adult how-to, high school college graduation gift before

purchasing it in order to gauge whether or not it would be worth my time, and all praised *Grow the F*ck Up - White Elephant Yankee Swap* gift, gag gift for men, birthday gift for him, novelty book, Secret Santa exchange, teenage young adult how-to, high school college graduation gift:

0 of 0 people found the following review helpful. Full of great information
By Todd Osborne
Despite the funny title, this book is actually full of very useful information about how to do all the things you should have been taught as a child, but weren't. Especially useful for girls, who probably don't get as much car maintenance and repair information passed along from their father. I bought it for my 16 year old girl and she loves it.
3 of 3 people found the following review helpful. Funny and useful
By Vane (-_-)
Funny and useful, great gift for someone who just turned 18... or for anyone who doesn't have a clue how to do basic things, lol. Comes with pictures.
0 of 0 people found the following review helpful. I would buy again
By Customer
I bought two of these for my niece and nephew's graduations (one from college and another from high school) they thought it was really funny and they were excited to have it because it's actually full of great information. I will probably buy again for the next graduation.

Too raunchy? Check out the new G-rated version, "*Grow the Heck Up*."

It makes for a tremendous birthday gift whether you're turning 16, 17, 18, 21, or even 40. For young adults and even men who have it all, this book is a definite must as it will teach you basic tasks you've never had the opportunity to learn. If giving it as a birthday gift isn't your style, it makes a great graduation gift for boys and girls who are fresh out of high school or college. Are you wanting to make your Christmas and holiday season a little brighter? Wrap this book up for a White Elephant gift exchange, gift it as a Secret Santa, or even trade it around during the always hilarious Yankee Swap game. No matter what the occasion, you can't really go wrong with this one-of-a-kind book. If you're looking for books to read in your 20s, look no further. *Grow the F*ck Up* is one of the great books for teens to read as it has over 40 tasks that everyone should know how to perform. It also makes a hilarious anniversary gift for him if you happen to have a relationship that can handle a little sarcasm and humor. If gifting is your style, I highly recommend it for the Xmas season. As one of the best gifts under \$20 (and sometimes under \$15), it makes a terrific stocking stuffer or White Elephant gift if you're into that sort of thing. The title itself may seem funny, but the descriptions on the inside make it absolutely hilarious! In all seriousness, if you happen to be playing Secret Santa or Yankee Swap this holiday season, be sure to pick up a copy and throw it in some wrapping paper because it is sure to liven up the party.
