**Sean Stafford : Gypsies in the Kitchen** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gypsies in the Kitchen:

6 of 6 people found the following review helpful. Simply, amazing .....By KateKPA's a pregnant women, I came to to order books to read to my child! I came across gypsies and I ordered it on a whim and I couldn't be happier with my decision to buy it! The illustrations are simple, yet perfect. The story is "old wives tale type" yet with a modern twist. Mr. Stafford is a great author and I can't wait until his new book Reverse Santa Clause comes out!!! Highly recommend this book!!3 of 3 people found the following review helpful. Most excellent!By KvNot only do my children enjoy this book, my husband and I do as well. It is well composed with a lyric style. The illustrations are hilarious. My children have heeded its warnings and my husband and I delight in its subtleties. It's a very enjoyable read for young and old. I do however hope I don't have to meet any of these gypsies anytime soon.0 of 6 people found the following review helpful. TerribleBy Myralee HansenThis is patently (and disturbingly) racist. At first I thought that it was parody and that the racism was deliberate, but I'm much more alarmed to realize that this actually is just a

terrible and offensive book for young racists and their unwitting parents. Nothing worse than spreading more damaging stereotypes about the world's most marginalized people, the Roma/"Gypsies" and teaching a whole new generation that "Gypsies" are thieves, monsters, and kidnappers. Can't imagine who could have possibly thought this was a good idea.

The Old Man gathers his grandchildren for a story to tell. Magical Gypsies, the ones that live in the kitchen cabinets, see all of the children's deeds and come out at night to scare those who have been bad. Unless the children mind their ways and do well in school, they will surely be taken far, far away to the Old Gypsy Queen. They are the Gypsies in the Kitchen! Sit with your children and dive into this cautionary comedic allegory that is sure to keep children on the straight and narrow and adults entertained. Enjoy this fun twist on an old folktale with any children close to you, and follow the story of a young boy overcoming his desire to be bad.
