Jason Hautala : Haiku STAT!: A Poetic Look at the Harsh Realities of Emergency Medicine. before purchasing it in order to gage whether or not it would be worth my time, and all praised Haiku STAT!: A Poetic Look at the Harsh Realities of Emergency Medicine.:

1 of 1 people found the following review helpful. Well Liked.By Jim HautalaI gave one of your books to our family doctor, who read your book and liked it so much, he passed it around the hospital to the other doctors and nurses.10 of 1 people found the following review helpful. Not funnyBy ann singletonI did not find this funny at all.2 of 2 people found the following review helpful. Great book!By lisaThis book is a politically incorrect, funny and intelligent book that takes a good look at the reality of the nursing profession! Hautala shows great talent and insight when he writes his haikus regarding the real world of nursing, and nurses and non nurses alike will enjoy its good natured humor. It would make a great gift for any nurse in your life or maybe for someone thinking of joining the nursing profession.

Japanese poetry meets a politically incorrect look at life, death, and suffering in the Emergency Department. A collection of hundreds of Haiku about topics ranging from Adult Protective Services to Ventricular Tachycardia. Also includes a Glossary of Terms with a more colorful description than those given in medical dictionaries.
