Charles Glover : Hairbrained before purchasing it in order to gage whether or not it would be worth my time, and all praised Hairbrained:

Hairdressers all want to get their hands on the top of your head, but when it comes to the name above the door, what were they thinking? Hairbrained is a photo-filled collection of the silliest (or cleverest...you choose) salon names in Britain, from Barber Blacksheep to Top of the Crops. And that perm that was a little overpriced? Who minds when it

was done at Bladerunners?

About the Author Charles Glover is a photographer who specialises in portraits and taking photographs of hairdressers with funny names. He lives in London and this is his first book.
