By mourning dove  
I have been a fan of Brooke McEldowney's '9 Chickwood Lane' for years. Although some of his situations and story lines are a little too weird for my taste, I have never been disappointed by the relationship between his three female leads and with his cat character, Solange. Having been a cat caregiver for most of my life I can relate to just about every hallmark in the book. (The situations don't so much teach you things about cats as simply remind you of escapades you've already experienced with your own.) The only reason the book got four stars rather than five is that (especially for the price) it is quite a bit smaller than I'd expected. Maybe the dimensions were given and I just missed them, but I was picturing maybe an 8 X 11" book. Instead, it is more like 4 X 6". However, material-wise, it was a complete delight.

I love this book! Solange the cat is your quintessential Siamese not unlike my own brood. The artwork is great, the characters are adorable and the one liners are witty. The only problem is that this book is out of print for some reason and when you do come accross it for sale on the second hand market, the price is 10 times it's original book price of \$8.95; quite unheard of for a mass market paper back from 2002! This is total proof that this is a fantastic book!

By Ben Smith  
Got this for my girlfriend as a present one time. Something that ever cat owner will love. Those things about cats that are just so.... cat-like. Captured well in this book.

Cats have long been a favorite subject of cartoonists. From Jim Davis's Garfield to Patrick McDonnell's Mooch, cartoon cats make us laugh. Now in the form of Solange the Siamese, Brooke McEldowney has successfully captured the endearing qualities that make a cat, well, a cat: the way they cannot resist dark fabric, their unflinching indifference

to squalid humanity (unless, of course, said humanity comes bearing treats), and their advanced heat-seeking technology that leads them to the warmest laps and the coziest corners. Readers will grin with recognition at each of these humorously illustrated hallmarks. The result is a delightful field guide to a cat's moods, motivations, and behaviors. Ever since it appeared as a recurring theme in the comic strip *9 Chickweed Lane*, *Hallmarks Of Felinity* has attracted a large and devoted readership of its own. Longtime fans and newcomers alike will enjoy this charming gift book.
