Molly Harrison : Halloween Coloring Book: by Molly Harrison before purchasing it in order to gage whether or not it would be worth my time, and all praised Halloween Coloring Book: by Molly Harrison:

53 of 53 people found the following review helpful. Pretty and cute witches for HalloweenBy iiiireader[[VIDEOID:b467804b4af431983fb03b0aae6b563d]]This fun coloring book by Molly Harrison includes 25 designs of “witches” just in time for Halloween. There are a lot of pumpkins, jack-o-lanterns, and kitties throughout the book to make it clear that this book is about the holiday.The designs range from elegant witches to child-like little waifs. The line drawings range from simple to complex to color. It looks like a lot of fun for coloring to get into the right mood for Halloween.The paper is thin enough that my gel pens and markers bleed through to the backside. On the plus side, the paper is quite white and the designs are printed on only one side of the sheet (with the bank left blank.) While the sheets are not perforated, it should be easy to remove the page with an exacto knife or to put a piece of heavier paper under the page you are working on so your colors won't leak through to the next design.16 of 16

people found the following review helpful. the paper is of good quality and the lines of the artwork are clearBy DianaGA Halloween coloring book full of magic and whimsy! the paper is of good quality and the lines of the artwork are clear. I really love how the layout has the prints on only one side, so I can use any kind of medium I want to color my pictures without worrying about color bleed through to a design on the back. The images do include some finer lines, so I recommend fine tipped markers, colored pencils or thin paint brushes for those. My daughters now want their own copies!12 of 12 people found the following review helpful. Definitely a charming book!By Natalie BThis is a definitely a charming book (pun intended!) The pages are a little thin so I'd recommend removing them before using markers or inks of any sort. But they're also printed on one side only, so that's easy to do. The pictures are just so fun, a coven of young witches in beautiful robes, along with their cats and kittens. I just wish there were more pages, because I'm going to go through these pretty quickly!

25 Halloween illustrations by artist Molly Harrison. These illustrations were drawn by Molly and taken from her original artworks. Some of these illustrations are highly detailed while others are a bit less complicated. Most of the drawings are of witches. This coloring book is intended for adults who like to color but kids would enjoy it too! The images are printed on one side of the paper only. It is recommended to put a piece of paper between pages to avoid bleed through if you intend on using alcohol or waterbased markers.
