Halloween is a time for carving pumpkins, watching horror movies, dressing up in scary costumes and enjoying some creepy colouring. This Halloween adult colouring book is full of spooky illustrations from dancing skeletons and sugar skulls to ghosts, graveyards and witches. There is something for everyone who loves Halloween. Each one of the 30 unique Halloween inspired illustrations has been printed on a single page leaving the reverse page blank to avoid bleed through. So find yourself a creepy corner, grab your favourite coloured pencils and lose yourself in this spooky world of Halloween.
