Matthew Diffie : Hand Drawn Jokes for Smart Attractive People before purchasing it in order to gauge whether or not it would be worth my time, and all praised Hand Drawn Jokes for Smart Attractive People:

Because his artistic skills are dazzling and his linguistic skills are magically mirthful, he compels our attention so entertainingly that his incisive social commentaries glide gracefully into our consciousness. He enlarges our view of the world; he enables us to see some important things anew. This handsome little book can be skimmed in an hour, but it merits being savored at leisure, revisited regularly, and pondered periodically. As soon as I read it, I ordered several copies as gifts; I'm sure many others will do the same. Now I'm going to go read it again. 2 of 2 people found the following review helpful. Matthew, come visit us! You'll see how smart and attractive we are. By Grateful Now It's a bazaar way to find out that I'm smart and attractive.....actually, I already knew that. Matthew Diffie is a terrific talent. He is so darn funny and I'm so glad we

discovered him. We keep this book out on the breakfast table and it serves as our daily meditation/inspiration/smirk. It's a great way to start every day. Matthew, if you're reading this, come visit us for breakfast in Virginia. We'll gather our smart and attractive friends and will applaud you with praise. 0 of 0 people found the following review helpful. Reading it will make you smart and attractive! By Nell Minow Here's the secret: even if you are not smart and attractive, this book is for you because reading it will make you smart and attractive! Really! How do I know? Because it will make you think, and that will make you smart. And it will make you laugh, and that will make you attractive. Matthew Diffie's deliciously bent humor makes his cartoons (or, as the New Yorker traditionally refers to them, drawings) one of the first things I look for in each issue. "O.K.," says a guy in a comfy sweater, hands on his knees, looking at the other men sitting in a living room, "the first rule of Bible club is: always talk about Bible club." "These are luxury apartments," says one firefighter to another, "so use the good water." "Knuckle tats you'll never see." Cartoons about lumberjacks. A doctor who delivers bad news via his ventriloquist dummy. And all drawn with grace, skill, and humor. Diffie's book is a treasure.

An NPR Best Book of 2015 Finally, a book that's not for everyone! From award-winning New Yorker cartoonist Matthew Diffie—editor of *The Rejection Collection* and the “de facto leader of a young generation of cartoonists” (*The Wall Street Journal*)—a hilarious mix of cartoons, visual riffs, and illustrated one liners that will appeal to anyone who is beautiful and intelligent. For almost fifteen years, Matthew Diffie's uniquely funny single-panel cartoons have gussied up the pages of *The New Yorker*, winning him countless fans, big shot friends, and a pile of hilarious material he's never used. Yet shockingly, a small sector of the population is not enamored with his work. Diffie has met some of these people and reports that they are, without exception, dumb and ugly, whereas the people who enjoy his work are just the opposite. In fact, the smarter and more attractive people are, the more they tend to appreciate Diffie's humor. This book is for them. This collection contains Diffie's funniest drawings and writings from the past decade as well as all-new cartoons and sketches organized into categories that will appeal to smart attractive people in all walks of life, based on profession and circumstance: smart attractive Medical Professionals, sharp and good-looking Old People; beautiful geniuses in Prison; brainy handsome Lumberjacks; and more. Are you an alluring well-read utensil user? Well, there's a chapter just for you! If you're a fan of Demetri Martin and Jack Handey, or if you happen to be George Clooney or Natalie Portman, *Hand Drawn Jokes for Smart Attractive People* will leave you laughing your smart attractive ass off.
