My favorite is of course the colorist books, and I like the fact that I can colorize them and then put them on the front of a greeting card. Everybody that receives them likes them also, they're very colorful, and of course everybody will color them differently.0 of 0 people found the following review helpful. fun pre wedding activityBy MC Hammerfun pre wedding activity. a bit too many floral pictures for my liking but still fun to color with my wedding color scheme.0 of 0 people found the following review helpful.
