He even nicknamed my brother Charlie Brown when he was little. My Dad has been gone for many years but I came across this book in an old second hand store and instantly thought to buy it for my Mom. The copy in the store was too damaged to be enjoyed so I purchased this used book online and was very pleased to receive a "like new" copy. We can all use a little more Happiness in our lives these days - I highly recommend this book!0 of 0 people found the following review helpful. It was handed down to me as a child and I saved it for my own children. We love it so much that I ordered a new copy as well. The book is well made and will withstand my children's "abuse" but still looks the same inside as my book. This book could cheer anyone up, from a child to the biggest Peanuts fan. I definitely recommend it!
