I follow Soraya on Instagram and fell in love with her pics and captions of her goats. When I saw this book was coming out, I had to buy and share it with my friend's 1 year old! It's never too early to learn a love of GOATS!! A nice quality book, with amazing photos and a great message for kids and adults alike. I will be ordering myself one to keep in my desk at work. It's so sweet and I am hopeful for a volume 2.0 of 0 people found the following review helpful. Five StarsBy Mike B.Little sister loved it! Excellent product!

Move over, cats and dogs, there's a new animal in town! Behold: the goat. Happy Little Goats features photos of adorable goats living the good life and getting into trouble on a beautiful farm. Too cute to blame for eating all the oranges off the tree or climbing onto the roof, these endearing creatures will show you what a carefree life really looks like. With hilariously clueless captions from the cutest goats you've ever seen, this book will melt your heart, give you a good chuckle, and maybe even make you want a pet goat of your own.
