**Karl Pilkington : Happyslapped by a Jellyfish: The words of Karl Pilkington** before purchasing it in order to gage whether or not it would be worth my time, and all praised Happyslapped by a Jellyfish: The words of Karl Pilkington:

3 of 3 people found the following review helpful. It takes all kinds....By CatI love everything about the Ricky Gervais show and have heard all the podcasts and the "guide to's" and have seen An Idiot Abroad. Though I love Steve and Ricky, I must say that the musings of Karl make my day. Ricky seems to hate it when people call Karl a genius (and

he clearly is not) but I would never say that this man is stupid. I think he is very observant and has a sincerely simple way of seeing the world. If you want to read this book don't expect Faulkner or even Steve Martin- Pilkington is an odd bird but even the most mundane parts of his world are amusing and oddly interesting. 0 of 0 people found the following review helpful. Love Karl By A Gamer Guy I love the trio of Ricky, Steve, and Karl so when I found out that Karl had a few books out I had to get them as well. This book was hilarious. I love Karl's views on ordinary things and to be honest I agree with quite a bit of them. In this book he explains all about his travels and the various things he's encountered (pre-An Idiot Abroad). I really wish I could get others to read his books. I've told several members of my family about Karl, Ricky, and Steve and nobody has interest for some reason. Maybe its because they prefer American humor or something. Whatever, their loss. Karl is awesome. I'm about to start his new book "The Moaning of Life" and I look forward to many more books from Karl. 0 of 0 people found the following review helpful. Karl is a true wonder By Gingersnap I read this in one or two sittings, and laughed my way through all of Karl's largely unremarkable vacation stories. He writes very much (exactly) how he speaks, and as I expected, his vacations consist largely of sitting around and moaning. There's a bunch of hand drawn illustrations he's done as well, including pages of comics. Karl is a wonder. If you like An Idiot Abroad and The Moaning of Life, you'll love this book.

A collection of baffling, hilarious, infuriating yet curiously compelling insights and anecdotes, diary entries, poems, "true" facts, cartoons, and assorted witterings concerning travel from the mind of Karl Pilkington, the unlikely star of the Ricky Gervais Show, the World's funniest and most successful podcast.

This is a very funny book \* Sunday Telegraph \* ...intentionally or otherwise, this is hilarious. \* Zoo Magazine \* About the Author Karl Pilkington is an English radio producer who produced The Ricky Gervais Show on Xfm. As a result of the success of the podcasts of this show he's become a cult celebrity. Gervais thinks Karl is "the funniest man alive in Britain today" and put him in his comedy DVD, Politics. Karl is probably best-known for co-writing the mega successful The World of Karl Pilkington (2006).
