Paul Fleischman : He Walked Among Us before purchasing it in order to gage whether or not it would be worth my time, and all praised He Walked Among Us:

3 of 3 people found the following review helpful. Perfect Post-Election ReadBy Anne Ylvisaker This hilarious and thought provoking behind-the-scenes presidential romp imagines an outrageous election season not hard to believe after the one we've just survived. In a battle to prove he's more relatable to voters than his opponent, incumbent President Shaw goes on a cross country journey disguised as an average American, every detail carefully orchestrated

by his advisors based on polling data, with plans to film a video to be played afterwards at the national convention. Things go awry and the president finds himself with a lot more real America than he bargained for. It is deeply satisfying to find this privileged president experiencing what budget cuts actually mean, from reduction in library hours to cuts in transportation. A rich cast of characters adds to the fun, from the beleaguered White House Director of Communications to the surly First Daughter and the Americans we meet along the way. Fast paced and sharply witty, *He Walked Among Us* is the perfect post-election read. John Stewart, this one's for you.

The country has been swallowed by the Great Depression 2.0, complete with apple-sellers and Bruce Springsteen singing Buddy, Can You Spare a Dime on the radio. The Republican incumbent—battling his high-living wife, a populist opponent, and the accurate perception that he's rich and removed—has no choice but to follow his handlers' advice: cross the country incognito, living and working among his people for twelve days in a desperate bid to seem attuned to their plight. With secret cameras rolling and his bickering speechwriters composing his diary, he sets off on a trip that will defy the best-laid plans of K Street's finest. Repackaging a candidate and his family has never been so challenging—or painfully funny. From hobo jungles filled with middle management to sidewalks crowded with panhandling schtik-savants, *He Walked Among Us* is a wickedly gleeful romp across the country and its political landscape.
