**Garrett Burnett : Heavy Lifting for Space Cats** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Heavy Lifting for Space Cats:

Will surely be famous by next TuesdayBy TreetasticThis delightful book of poetry is great for reading aloud (if you can wrest it away from the child who is staying up too late reading it with a flashlight in bed). It takes adult situations like nose hair and mortgages and makes them funny for children, and takes child situations like chores and daydreaming and and makes them funny for grownups.

Lemur-nade? A mysterious offensive scent? An impossibly balanced stack? A 60 silly, clever, and odd-ball poems all in one amazing collection, all with inked illustrations. Heavy Lifting for Space Cats continues the grand tradition of Shel Silverstein and Jack Prelutsky: fun poems that children--and the parents who have to hear them over and over--

can enjoy. It's smart stuff for smart kids.
