I even begrudgingly like the white imbecile! I swallowed this beautiful book whole. And grinned the whole time. It is written much like the videos featured on Youtube. The photographs of Henri are very good. Of course, anything Henri does is great by me. I even got his calendar. 11 of 11 people found the following review helpful. Perfect Gift for My MIL (and Me)! By Pam I Am I saw a short article about Henri in my Cat Fancy magazine, and immediately went to YouTube to check it out. Like thousands of others, I was immediately captivated by Henri's angst-filled musings. I knew my mother-in-law would appreciate the humor so I sent her a gift copy. She called me the moment it arrived. She was laughing and in such good spirits; reading selected quotes to me over the phone. According to her, she's going to treasure it and keep it close by. Of course, I then had to order a copy for myself. I miss the French narration of the videos, but not too much. The book is the perfect size with just the right amount of text and photos of Henri. I love that this is a book about cats that favors cerebral humor over the typical "cutesy" cat books. It's smart, but it's also very accessible to the masses. Henri does not "dumb it down" for his audience. This is truly a job well done. 20 of 21 people found the following review helpful. So dark, so angst filled, so very funny.. Great gift book By Claudia Summer Henri and Will, you have created a perfect little masterpiece for today's reader in today's uncertain world. We relate, really we do, to your quirky humor. Who among us can say that generally speaking we trust the outside world? And who has not tasted false hope? You speak and meow for everyone. You are truly Every Cat. Plus, you're adorable. I'm very impressed with the overall package. Hat's off to Ten Speed for producing a wonderfully affordable, beautifully put together hardcover book. If you read thru my reviews you'll see that I often complain about book production. But this is a perfect ten. It belongs on every thinking person's coffee table and certainly in every cubicle. You don't have to be a cat lover to love this book.

This gift book is a collection of photos and quotes from Henri, the existential cat whose ennui has captivated people all over the world. Through his series of short films and interactions with an enthusiastic online community, Henri's contemplation and disillusion with the world has struck a chord with millions of fans. Now, finally, we have a collection of Henri's musings in his own words featuring never-before-seen photos and quotes. This book is a window into the tortured soul of the world's first feline philosopher.

"The best internet cat video ever made."-Roger Ebert
