Herbert Block : Herblock State of the Union before purchasing it in order to gage whether or not it would be worth my time, and all praised Herblock State of the Union:

Herblock is my hero!By Elaine CasteelI really didn't pay much attention to this man back in the day, then I saw a documentary on him and was captivated by him and his work. As you go thru his book you will be amazed at how relevant his satire is to currant issues today. I guess some things never change! I would love to have met him. There is a need for the truth and, what better way to show the absurdity of politics, than by putting it in the form of a cartoon! Its also a safe way of saying things you might otherwise get into trouble for. We need more like him in this world.
