3 of 3 people found the following review helpful. Sick cat sadist book By sonnet holmquist This is a horrible book. If you love cats, steer clear because this book will disturb you. The author doesn't clearly state anywhere NOT to perform most pranks in this book which can cause serious physical and mental harm to your cat. Reading this so-called 'good natured' book makes me think the author is a derranged cat sadist.

A collection of the funniest, most outrageous pranks you can play on your unsuspecting feline furnishes simple, step-by-step instructions for good-natured fun with such tricks as Pepper Punishment, Umbrella Freak Out, and Alley Cat Surprise. Original.
