**Rhonda Rhea : High Heels in High Places: Walking Worthy in Way Cute Shoes** before purchasing it in order to gage whether or not it would be worth my time, and all praised High Heels in High Places: Walking Worthy in Way Cute Shoes:

humor isn't just humor for humor's sake. It communicates a scriptural and spiritual message that inspires a closer walk with the Lord. She takes something most of us women enjoy--shoes--and turns the topic into a way that we can see how God wants to be a part of every area of our lives. I think this book would be particularly inviting and encouraging to new women believers but it can also encourage all of us for a fun yet meaningful read. 1 of 1 people found the following review helpful. Trip the Light fantastic By Betty Rhonda Rhea is a gifted writer that takes the reader's soul on a fantastic walk towards the divine. She is light-hearted, yet beautifully deep. I would strongly recommend her book to anyone wanting to get a contemporary view of how to bring God into their everyday life. 0 of 0 people found the following review helpful. eh By kat.trippeshe tells too many stories and then has to stretch to tie them in to God's truth. This book could be reduced down to a 10 page book and have everything in it that you need. not my cup of tea, but perhaps someone else's.

What woman doesn't love cute shoes? Rhonda Rhea's not afraid to admit her obsession with them--or to use this "shallow" addiction as a basis for a book! *High Heels in High Places* is a biblical journey for women who want to go deeper in their spiritual lives, but also want fall-off-your-high-heels laughter along the way. Using Colossians 1:9-12 as a springboard, Rhonda takes women on a fun adventure infused with practical spiritual truth about what it means to walk worthy before God. This unique and hilarious exploration is perfect for the "shoe overachiever" in all of us. It makes a great gift for the woman who has it all (and just doesn't have enough closet space to store it), or can be an enlightening small group resource.
